Tell us more about your company, who you are, what you do and what qualifies you to produce the kind of product you are requesting to use our Bible Text.

TeamO Digital Solutions (TDS) is a technology company founded in 2023, specializing in records digitalization, IT support, and consultancy. The Tiv Heritage Archive project was initiated by TDS as part of its records digitalization mission, aimed at preserving and promoting the language, history, and cultural heritage of the Tiv people of North Central Nigeria. Charles Ikyese serves as the TDS Software Developer in charge of building and managing the Tiv Heritage Archive platform. With proven expertise in developing database-driven web platforms (PHP, MySQL, HTML5), TDS is fully qualified to responsibly develop, host, and maintain this digital cultural archive. The First Tiv Bible Translation will be treated with the utmost reverence -- presented faithfully, fully attributed to the Bible Society of Nigeria, and never altered or redistributed outside the approved platform.
